## IMPORTANT MESSAGE

### OUR CLUB NEEDS A NEW PRESIDENT IMMEDIATELY.

Joe Flynn has stepped down from President and wants to continue to be 1st Vice President. So, our club needs a new president immediately because the contract for our building is expiring at the end of July. In order to secure a new contract for the coming year, our president must sign the new contract, and it cannot be an interim president.

Elections will be held at the meeting on Tuesday, June 21. Anyone who is interested in running for president is encouraged to do so. TO ALL MEMBERS: PLEASE PLAN ON ATTENDING THE MEETING ON TUESDAY, JUNE 21 TO HOLD ELECTION!

### No Board Meeting, 05/17/05

Board meeting will resume on 6/21/05 at 6:30 p.m.

### General Meeting Minutes, 05/17/05

-Meeting was called to order at 7:15 p.m. and was adjourned at 8:10 p.m.

-16 attendees at the meeting – 3 new members were in attendance.

### TREASURER'S REPORT:

- All bills have been paid; there are no outstanding bills.
- A motion was put forth to accept the treasurer's report. The motion was accepted by John Luedke and seconded by Richard Nagel.

### ACTIVITIES DIRECTOR'S REPORT:

- Several CFMGS members went to Rock's Pit, a field trip with the Florida Fossil Hunters. Everyone found specimens of clamshells with calcite.
- Another trip was planned for Sunday, Memorial Day weekend. We'll have to find out how it went!
- For future field trips, attendees may need a rock hammer and maybe a wagon for carting.
- Michell Bogle is going to check on Honeymoon Island, which is off the coast of Dunedin. Agatized coral is found here as well as many shells – I've been there before, and it is very nice! Michelle wants to plan a trip for this summer.
- Carpooling is available for field trips.

### SHOW CHAIRMAN'S REPORT:

- A first draft of the flyer for next year has been circulated. Feedback is needed.
- A suggestion for next year is that there is one very nice grand prize. We will look at this and discuss at board meeting in the future.
- Michelle went to GLW show and saw that dealers didn't do well. There were too many vendors that had similar items.
- Michelle suggested that for our next show we have more for kid's corner. Also, there is a large show in GA at the same time as ours, and this may cause a problem.
- John Piziak, has assured us that there will not be any overexposed items by having too many dealers selling the same kind of items. We will have more variety of items. Additionally, our vendors are available on this weekend in April, and we should keep it to this weekend.
- We also want to have vendors that can have demonstrations of some sort at their booths.
- It was suggested that it may not be a good idea for the 2006 show to have a wholesale section of the show. We may want to get this expanded show for 2006 up and running, and then the next year we may want to re-think a wholesale section. Our club will have to see how well the wholesale section for 2006 does to make a further determination.
- Gem trees need to be made for next year. Emilio is the only one in the club currently that knows how to craft the gem trees. (So, maybe Emilio can teach some of us on how to make the gem trees and we can help!)
- Richard purchased 120 very cute grab bags and donated them to the club for next year. Thank you, Richard!
- Donations of any gems, minerals, jewelry, etc. are needed for grab bags, silent auction, etc.
- Our annual show next year will be the 37<sup>th</sup>, the first one taking place in 1969!!
